

## YAVAPAI TREASURER ROBBED

J. P. Storm Bound, Gagged and Locked in Vault. Loss, \$15,000

Prescott, Ariz., Nov. 9.—James P. Storm, county treasurer of this county, has been found locked in the steel vault of his office, bound and gagged, with \$15,000 missing from the cash funds of the territory. Mr. Storm had been in the vault sixteen hours when found today by his daughter.

He says that about 5 o'clock yesterday afternoon, while seated in his office, two men entered the door, with handkerchiefs tied over their faces, and, presenting a revolver to his head, ordered him to throw up his hands. Storm complied and the men closed the door of the office and produced a string of baling wire, with which they secured and bound his feet and hands. They forced a handkerchief into his mouth and pushed him inside the vault.

After gathering up \$15,000, and securely ransacking the office for more money, the men closed the door of the vault, locked it and departed. Storm was unable to give an accurate description of the men.

## Republican Demonstration

To counteract the bad effect of the Fowler meeting here, the local republican committee, at the urgent request of the managers of the territorial campaign, held a big demonstration here on Saturday night.

Charlie Akers came up from Phoenix two days before to give our political novices a few pointers how to make a big showing on very small backing. Posters were gotten out announcing J. N. Jamison and Chaplain Winfield Scott, of Phoenix, and John B. Wright, of Tucson, as the speakers, but Mr. Wright failed to put in an appearance.

The parade preceding the meeting was the feature of the demonstration. The services of both the Globe Concert and Mexican bands were secured and a hundred or more Fowler supporters were mustered in line. Starting from Charlie Akers' the procession moved up Broad street, with bands playing and amidst a display of fireworks. The parade attracted quite a crowd and the hall was well filled when the speaking commenced. Neither Mr. Jamison nor Chaplain Scott displayed any great oratorical ability, but were given a respectful hearing.

It is perhaps needless to say that the results from the big rally were disappointing as Mark Smith's plurality in Globe precinct is 250.

Charles Frederick Rodgers, who was so badly crushed between an engine and ore car on the Old Dominion Copper company's tracks last Thursday morning, died on the following afternoon. The funeral was held on Sunday afternoon from the Methodist Episcopal church, Rev. R. L. McKee conducting the service, assisted by the choir. There was a large attendance of the friends and acquaintances of the deceased and of his sorrowing widow, for whom great sympathy was expressed. Deceased was a member of the El Paso, No. 80, R. of R. T., in which order he carried \$1,500.00 insurance.

Mr. Thompson, representing the Blaine Daily Review, arrived on last night's train, and will spend several days here, soliciting subscriptions to that well known newspaper, one of the best dailies in the southwest. Last Wednesday's Review is a double number, consisting of the daily edition of twelve pages, containing the Associated Press dispatches and full election news, and a special industrial number of thirty-six pages, in magazine form, well illustrated, and giving a comprehensive review of the industrial progress of Cochise county, with special reference to the great copper mining interests in the Warren district. It is a very creditable publication.

G. O. Scott is in receipt of a letter from Pen. S. Hildreth, register of the land office at Prescott, enclosing a copy of the decision of Commissioner Richards of the general land office in the case of Oscar Scott vs. J. N. Huffer, being a homestead contest. The decision is in effect a reversal of the Prescott land office. The right of the plaintiff, Scott, to file on the forty acres claimed by him is acknowledged, with the proviso that he is to deed a small portion of the land, about three acres in extent, actually occupied and enclosed by defendant, Huffer, at the date of plaintiff's settlement. Plaintiff is given thirty days in which to make his filing.

Judge A. J. Howell, F. I. Kline and J. W. Wentworth, republican county candidates, and S. A. Haight, democratic assemblyman elect, who closed the campaign in this precinct, have departed for their several homes in the northern part of the county.

Burglars entered the pool room of A. P. Flood on Tuesday night and robbed the four slot machines of about \$75.00. The two smaller machines were almost demolished.

Engineer W. P. Nichols, who has been working for the Arizona Eastern until lately, in the vicinity of Globe,

left today for Florence, from where he will make a reconnaissance to Sentinel via Phoenix, with a view of locating later on. This appears to be the initial move of the engineering department toward a western terminus, all their men heretofore having worked east and northeast.—Citizen.

## Card of Thanks

Editor Silver Belt: Permit me, through the medium of your paper, to express my heartfelt thanks to Mrs. Simpson, Mrs. Pauline Cornelius and Mrs. W. B. Hayden, and also to other kind friends who so generously extended to me sympathy and assistance in the severe trial and bereavement occasioned by the death of my husband, Charles Frederick Rodgers. I beg to assure them of my grateful appreciation. ANNA RODGERS.

## TO INVESTORS

Opportunity to Embark in an Enterprise Offering Large Profits

To persons of means looking for an investment, or desiring to loan money on first-class security, the Maurel homestead, adjoining North Globe townsite and the properties of the Old Dominion and United Globe mining companies, offers a splendid opportunity.

The rapid growth in population and demand for homes near to the mines and smelter makes the Maurel property very desirable for a townsite and improvement company to develop, insuring as it would certain and large financial returns on the investment.

As I have secured my final receipts from the land office on all this land, aggregating 100 acres, my title is perfect beyond any question.

A good and sufficient water supply for all purposes can be obtained at shallow depth, and a part of my plan is to construct water works of sufficient capacity to meet all possible demands from prospective residents within the townsite. The development of a water supply has already been partially accomplished by means of a tunnel driven under the channel of Pinal creek.

I will gladly consult or correspond with persons meaning business and having the necessary capital to embark in this enterprise. Address A. MAUREL, Globe, Ariz.

THE RIGHT OF THE PUBLIC TO KNOW.—People who deposit their money with a bank want to know something of its financial strength. The United States Government fully recognizes this right, and causes us to publish five times a year, a sworn statement of our condition, and in addition to this, sends from time to time a bank examiner to thoroughly examine and investigate the condition and management of the bank, which shows the interest the Government takes in all national banks, and is a safeguard for the benefit of the people. We offer you every facility of a well-equipped national bank, and solicit your business.
